

**CUMBERLANDFEST**  
*"A Summer Celebration"*

May 14, 2006

To Whom It May Concern:

This letter is in support of the Power League Wrestling Organization. As Chairman of our Cumberlandfest Summer Celebration I would like to offer my recommendation of a very well organized attraction.

We have invited the wrestling program back for a record seventh time at our festival. Power League is one of the most entertaining and requested entertainment we have ever presented. From the very onset of our association with Tom Degnan we have been more than satisfied with the professionalism of the entire show.

Power League brings professional wrestling to a family oriented festival that attracts thousands each summer. We have never heard negative comments from any of our patrons. The show is colorful, fast moving, non stop action. Our audience includes families with many young children and we insist that all our entertainment is never objectionable. We have always found the wrestlers to very courteous at all times including in the "heat of battle."

Once again we invite Power League Wrestling back with their cast of characters. And once again we know that all we have to do is provide the space, and they do all the rest. I highly recommend the Power League show, it has been a great attraction for us, and I am sure it will be for any organization. Please feel free if you would like to speak to me about this recommendation.

Sincerely yours,

Frank Geary, Co-Chairman  
Cumberlandfest, 2006
